- 09.00 Session I (P)
Allergy, ocular surface, and corneal disease
Moderated by Mr Alan Connor, Newcastle
- 09.00 Allergic eye disease: itching for answers – Prof Susmito Biswas, Manchester
09.20 Severe Multi-System Allergic Disease – there is more to this than meets the eye –
Dr Louise Michaelis, Newcastle
- 09.40 Paediatric keratoconus - should all patients have corneal cross linking? – Miss
Ailsa Ritchie, London
- 10.00 Discussion and questions
- 10.15 Session II (P)
Paediatric Free Papers
Moderated by: Mr Javid Suleman and Miss Neda Qurashi, Middlesbrough
- 10.18 Adalimumab failure in paediatric uveitis: Who, why and what next? - Alicia
Canalejo Oliva
- 10.27 Surgical outcomes of paediatric uveitic cataract managed in a tertiary paediatric
multidisciplinary team (MDT): Is it all doom and gloom? – Claire Dawson
- 10.36 Service evaluation of paediatric patients with non-infectious optic neuritis seen
within the paediatric ophthalmology department at the Evelina Children's
Hospital – Neil Clough
- 10.45 A review of the management and clinical outcomes of patients under 17 years of
age with keratoconus at Manchester Royal Eye Hospital since 2020 – Elspeth
Green
- 10.54 Neurodevelopmental outcomes of ultra-low dose intravitreal bevacizumab
(0.16mg) on infants with retinopathy of prematurity at two years of age –
Matthew Hartley
- 11.03 Retinal detachment risk and outcomes in ocular coloboma in a large UK cohort –
Daniel Jackson
- 11.12 Moderators' round-up
- 11.15 Refreshments at the posters and the trade exhibition

- 11.45 Session III (P)
ROP and other paediatric retinal disease
Moderated by Miss Roxane Hillier, Newcastle
- 11.50 Current controversies in ROP Care – Miss Gill Adams, London
12.05 Practical decision making in ROP – Mr CK Patel, Oxford, Mr Chien Wong, London
12.20 Congenital x-linked retinoschisis – Mr Kanmin Xue, Oxford
12.35 Retinal genetics update – Mr Rob Henderson, London
12.50 Discussion and questions
- 13.00 Lunch at the posters and trade exhibition
- 14.00 Session IV (S) (P)
Claud Worth Lecture introduced by Mr Lawrence Gnanaraj, Sunderland
Improving outcomes for children and young people living with vision and eye disorders: stories of population health discovery science and research translation
Prof Jugnoo Rahi, London
- 15.00 Session V (P)
Paediatric rapid-fire presentations
Moderated by: Miss Yewande Babalola, Middlesbrough and Dr Panagiota Antonopoulou, Greece
- 15.02 Ophthalmology: Transition clinic from paediatrics to adult services - Michael Edwards
15.07 Classifying differences in optic nerve head appearance pre and post calvarial remodeling surgery in patients with sagittal synostosis – Kristina Alexander
15.12 Paediatric scleral-fixated lens implantation- long term outcomes. Fadi Ghazala
15.17 Visual recovery following treatment of paediatric optic neuritis - Brinda Muthusamy
15.22 The orthoptist’s role in facilitating ocular motor and sensory function in patients with Parkinson’s disease – Cheryl McCarus
15.27 Laser pointer induced Choroidal Neovascular Membranes in children: A case series - Aabgina Shafi
15.32 Outcomes of late probing for congenital nasolacrimal duct obstruction (CNLDO) in children following Covid-19: older children share successful outcomes - Jone Tamosauskaite
15.37 A rare paediatric case of ANCA-associated vasculitis - Lu Jing Tan
15.42 Anti-Adalimumab antibody development in children and young people treated for non-infectious uveitis and rheumatic diseases with Adalimumab biologic therapy - Charlotte Wilson
15.47 Prematurity profile and response to intravitreal ranibizumab in infants treated for retinopathy of prematurity: a case series – Leticia Dujardin

- 15.52 The Royal College of Paediatrics and Child Health Retinopathy of Prematurity Screening Guidelines (2022): A series of treated infants falling outside the updated criteria - Simranjeet Aulakh
- 15.57 Moderator's round up
- 16.00 Refreshments at the posters and the trade exhibition
- 16.30 Session VI (P)
Tiny Eye Problems
Moderator – Mr Qasim Mansoor, Middlesbrough
- 16.35 Highs and Lows: paediatric glaucoma – Mr Joe Abbott, Birmingham
- 16.55 Tiny patients. Big questions. Navigating icebergs and neurotoxicity in paediatric ophthalmic anaesthesia – Dr Quentin Smith, Consultant Anaesthetist, Sunderland
- 17.15 Paediatric cataract management: tips, tricks and pearls accrued over 35 years! – Prof Chris Lloyd, London
- 17.35 Discussion and questions
- 17.50 Group photo
- 17.55 Closing remarks
- 18.00 Reception at the Riverside Suite, Baltic Centre for Contemporary Arts

- 08.15 Registration with refreshments at the posters and trade exhibition
- 08.50 Welcome and housekeeping
Mr Alan Connor, Newcastle
- 09.00 Session I (P) (S)
Mechanical strabismus
Moderated by Miss Rafaela Schelle, Specialist Orthoptist, Sunderland
- 09.05 Strabismus surgical options in Thyroid Eye Disease – Mr Ian Marsh, Aintree
- 09.25 Orthoptic investigations and management in vertical strabismus – Dr Gemma Arblaster, Lecturer in Orthoptics, Sheffield
- 09.40 Between rock and a hard place – Mr Manoj Parulekar, Birmingham and Oxford
- 10.00 Discussion and questions

- 10.15 Session II (P) (S)
Rapid-fire presentations
Moderators: Mr Alan Connor and Miss Helen Haggerty, Newcastle
- 10.17 Do you see what I see? Confidence in assessment for Cerebral Visual Impairment in children with profound and multiple learning disability – Louise Allen
- 10.22 Presenting features, assessment, progression rates and underlying aetiology in infants and young children presenting with high myopia – Katie Williams
- 10.27 Are Orthoptic Telephone Consultations an Effective Alternative? – Michelle Blyth
- 10.32 The architect's apprentice: a readily available (Amazon), cheap, reliable tool for measurement of Abnormal Head Posture for nystagmus surgery - Aabgina Shafi
- 10.37 Central tenectomy as a useful surgical tool in re-do strabismus surgery: A case series – Fadi Ghazala
- 10.42 Botulinum toxin injections in patients with glaucoma drainage devices - Rathin Pujari
- 10.47 Mycoplasma pneumoniae-associated uveitis and orbital inflammation: Another face of the masquerade – Ahmed Wanas
- 10.52 My baby has unusual eye movements – Reena Dave
- 10.57 Ocular manifestations of moyamoya disease – Elewys Hearne
- 11.02 Modified Augmented Nishida procedure: our initial experience – Rita Prajapati
- 11.07 Investigation of superior oblique tendon anatomy with respect to surgical approaches - Charles Talks
- 11.12 Moderators' round-up
- 11.15 Refreshments at the posters and the trade exhibition
- 11.45 Session III (S)
Roger Trimble Lecture introduced by Prof Anna Horwood, Reading
“Quantum Mechanics, Dark Matter, and a Unified Field Theory: examining the complex relationship between eye alignment and binocular vision”
Associate Prof. Kyle Arnoldi, Buffalo, New York
- 12.45 Lunch at the posters and trade exhibition
- 13.45 Session IV (P) (S)
Medically unexplained visual loss and paediatric optic neuritis
Moderated by Mr Javid Suleman, Middlesbrough
- 13.50 Assessing and investigating functional visual loss in children – Dr Annegret Dahlman-Noor, London
- 14.05 Electrodiagnostic assessment of paediatric organic and non-organic visual loss – Prof Neil Parry, Consultant Clinical Scientist, Manchester

- 14.20 Paediatric optic neuritis - Prof Ming Lim, London
- 14.35 Functional/medically unexplained symptoms in paediatric ophthalmology - A Psychological Perspective – Dr Rosey Ferris, Consultant Clinical Psychologist, Middlesbrough & Ms Yasmin Tanfield, Clinical Psychologist, Middlesbrough
- 14.55 Discussion and questions
- 15.00 Session V (P) (S)
Free paper presentations
Moderated by Miss Yevukai Jaya, Sunderland and Miss Simranjeet Aulakh, Durham
- 15.02 Why psychological support matters for young people with visual impairment (VI); parental voices – Richa Aspland
- 15.11 Paediatric Visual Impairment in England and Wales: A retrospective study (2009-2022) - Matthew Feyissa
- 15.20 Case series of Optic Neuropathy caused by Vitamin A deficiency in children - Christine Bourke
- 15.29 Is isolated inferior rectus weakness a strong indicator for myasthenia gravis? Emma Butterworth
- 15.38 Retrospective review of features, investigation and management of acquired esotropia in high myopia (heavy eye syndrome) at Moorfields Eye Hospital - Aditi Das
- 15.47 Long term outcome of treatment of ROP and Changing trend in ROP treatment: Leeds teaching Hospital Experience -Ashish Kumar
- 15.56 Moderator’s round up
- 16.00 Refreshments and posters at the trade exhibition
- 16.30 Session VI (S)
My worst strabismus surgery complication
Moderated by Mr Mahmoud Nassar, Newcastle
- 16.35 PITS and PERF. How I got it wrong- so wrong! – Mr Bob Taylor, York
- 16.45 Quit when you are ahead – Mr Saurabh Jain, London
- 16.55 Strabismus Hokey Cokey – Mr John Somner, Cambridge
- 17.05 Discussion and questions
- 17.15 Closing Remarks
- 17.20 END
- 19.00 Dinner and disco at the-Biscuit Factory (ticketed event)

FRIDAY 04th OCTOBER 2024

- 08.00 Registration with refreshments at the posters and trade exhibition
- 08.50 Welcome and housekeeping
Mr. Lawrence Gnanaraj, Sunderland
- 09.00 Session I (S) (P)
Workforce for the future
Moderated by Miss Neda Qurashi, Specialist Orthoptist, Middlesbrough
- 09.00 Current workforce state of affairs – Miss Neda Qurashi, Specialist Orthoptist, Middlesbrough
