

BIPOSA
30th September – 02nd October 2026
Titanic Hotel, Liverpool

WEDNESDAY 30th September 2026

- 08.00 Registration with refreshments at the trade exhibition and poster viewing
- 08.45 Welcome and housekeeping
Mr Damien Yeo, Alder Hey Children's Hospital
- 08.55 Session I (P)
Our role within Paediatrics: do they need us?
Moderated by Ms Rutika Dodeja, Alder Hey Children's Hospital
- 08.57 10 eye signs that can save a child's life – Professor Ken Nischal, UPMC Children's Hospital of Pittsburgh, USA
- 09.09 Why look at the posterior segment? - Professor Jane Ashworth, Manchester Royal Eye Hospital
- 09.21 Saccadic eye movements in children - health and disease - Professor Patrick Watts, University Hospital of Wales, Cardiff
- 09.33 Do geneticists need us? - Professor Jay Self, University Hospital of Southampton
- 09.45 Questions
- 10.00 Session II (P)
Paediatric Uveitis Cases: When it is not JIA
Moderated by Mr Jose Gonzalez-Martin, Alder Hey Children's Hospital and Miss Lola Solebo, Institute of Child Health, London
- 10.02 "Just another papilloedema referral, or more?" - Mr Jose Gonzalez-Martin, Alder Hey Children's Hospital, Liverpool
- 10.12 "The eyes that break the rules: listening for the clues" - Ms Lola Solebo, Institute of Child Health, London
- 10.22 "Another optic nerve head drusen? DON'T give up" - Miss Jessy Choi, Royal Hallamshire Hospital, Sheffield
- 10.32 "Friendly fire in paediatric ocular oncology" - Mr Sam Gurney, Birmingham Children's Hospital, Birmingham
- 10.42 "Inflammation, Imitation, or Inheritance" - Ms Ana Rodriguez Martinez, Great Ormond Street Hospital, London
- 10.52 Questions
- 10.55 Refreshments at the trade exhibition and posters

- 11.35 Session III (P)
ROP and Retina
Moderated by Mr CK Patel, Oxford Eye Hospital
- 11.37 Dexamethasone drops for the treatment of ROP – Dr Lotta Gränse, Lund University, Sweden
- 11.49 Evolution of the management of ROP - Mr Himanshu Patel, Moorfields Eye Hospital
- 12.01 Questions
- 12.10 ROP/Retina free paper presentations ([abstracts](#))
Moderated by Mr CK Patel, Oxford Eye Hospital
- 12.11 Retinopathy of Prematurity in a multiethnic UK population: impact of ethnicity on severity, treatment and discharge - Alice Di Domenico, Sally Painter, Birmingham Women's Hospital, Birmingham, UK
- 12.18 Automated detection of plus disease in Retinopathy of Prematurity: validation of ROP.AI against expert consensus - Elewys Hearne, Amelia Bai, Shuan Dai, Jacky Hung, James E Elder, Shaheen Shah, Heather Russell, Aditi Kirpalani, Christopher Carty, Zachary Tan, Queensland Children's Hospital, Brisbane, Australia
- 12.25 The Liverpool ROP score: development and independent validation of a novel predictive model to safely optimise Retinopathy of Prematurity screening - Bernardo Lopes, Carolyn Armstrong, Sarah Tyson, Hannah Triggs, Rutika Dodeja, Natalie Gallagher, Nihal Kenawy, Damien Yeo, Liverpool Women's University Hospital, Liverpool, UK
- 12.32 Feasibility of nurse-led retinal imaging for Retinopathy of Prematurity (ROP) screening employing the Optos California - Venughanan Manikavasagar, Timothy Fung, Shalini Ojha, Roger Holden, Matthew Kuet, Janine Abramson, Royal Derby Hospital, Derby, UK
- 12.39 Optic nerve head morphology in premature infants from 30 weeks to 5 years post menstrual age using hand-held Optical Coherence Tomography - Aarti Patel, Samira Anwar, Irene Gottlob, Frank Proudlock, Ulverscroft Eye Unit, University of Leicester, UK
- 12.48 A vitreous state of affairs: ten years of paediatric vitreoretinal surgery at a tertiary children's hospital in the UK - Tracie Liu, Jessy Choi, Raquel Garcia-Cabrera, Sheffield Children's NHS Foundation Trust, Sheffield, UK
- 12.55 Moderator's round up
- 13.00 - 14.20 Lunch at the trade exhibition and posters
- 13.25 **Poster village taking place during lunchtime – rapid fire presentation of selected posters located under the Titanic staircase ([timetable](#))**
Moderator's introduction – Mr Siddarth Nardeosingh
- 13.30 Ethnic differences in Vitamin D insufficiency in Paediatric Non-Infectious Uveitis Patients - Christopher Lau, Gabrielle Dobson, Theonymfi Doudouliaki, Nadia Rafiq,

- Ailsa Ritchie, Vinay Shivamurthy, Joshua Harvey, Evelina London Children's Hospital, London, UK
- 13.35 Ophthalmological Surveillance for Tuberous Sclerosis Syndrome - Rebecca Hoggard, Jose Gonzalez-Martin, Alder Hey Children's Hospital, Liverpool UK
- 13.40 Artificial Intelligence for Detecting Papilloedema in Children: Diagnostic Potential and Future Clinical Implementation - Claire Carrick, Karzan Hughes, University Hospital of North Midlands
- 13.45 Prevalence of Childhood Myopia in Leicester Pre- and Post- Covid - Lyn Lee, Aaliyah Seedat, Nagini Sarvananthan, Mintu Nath, Maddie Dutton-Jones and Samira Anwar-Bhatti, Leicester Royal Infirmary, Leicester, UK
- 13.50 Exploring lipid metabolism as a modifiable factor in retinopathy of prematurity: evidence from a neonatal cohort -Eirini Christodoulaki, Rahul Choudhary, Rohan Verma, Anay Kulkarni, Touqueer Fatima, Sandeep Shetty, Kiray Gulunay, Elisabeth De Smit - St Georges Hospital, London UK
- 13.55 Gender Dynamics in UK Private Ophthalmology Practice: Representation, Barriers, and Insights - Sachleen Soor, Anna Maino, UK
- 14.00 Moderator's round up
- 14.20 Lunch finishes
- 14.25 Session IV (P)
Craniofacial
Moderated by: Mr Ankur Raj, Alder Hey Children's Hospital
- 14.27 Inside out planning for craniofacial surgery - Miss Anusha Hennedige, Consultant Maxillofacial Surgeon and Mr Vejay Vakharia, Consultant Neurosurgeon, Alder Hey Children's Hospital
- 14.47 Oculoplastic considerations in craniofacial disorders - Mr Austin McCormick, Consultant Oculoplastic Surgeon, University Hospital Aintree
- 14.59 Challenges in ophthalmological management of Craniosynostosis - Miss Vasiliki Panteli, Great Ormond Street Hospital, London
- 15.11 Questions
- 15.20 Session V (P) (S)
Rapid fire presentations ([abstracts](#))
Moderated by Professor Chris Lloyd, Great Ormond Street Hospital and Mrs Mey Mohan, East Lancashire Hospitals
- 15.22 Corneal and refractive properties and correlation to clinical measures in patients with congenital nystagmus syndrome - Orwa Nasser, Wahbi Wahbi, Orasis Eyecare Center, St, Karmi'el, Israel
- 15.27 Evaluating the diagnostic contribution of clinical measures for Albinism in infantile nystagmus - Gail Maconachie, Callum Hunt, Abdullah Aamir, Helen Kuht, Jinu Han, Line Kessel, Richard Hertle, Sasha Strul, Jing Jin, Vasily Smirnov, Karen Gronskov,

- Mies M. van Genderen, Fred Chen, Irene Gottlob, Mervyn Thomas, University of Leicester, Leicester, UK and University of Sheffield, Sheffield, UK
- 15.32 Long term incidence and progression rate of glaucoma in patient with Nance-Horan Syndrome in a tertiary centre hospital - Antonio Valentino Giugliano, Panagiota Pouliou, Eleni Nikita, Great Ormond Street Hospital, London, UK
- 15.37 Occurrence of Juvenile Idiopathic Arthritis-Associated Uveitis over 15 years in a contemporary UK screening cohort - Johnny Kwok Kit Ma, Karolina Szarzanowicz, Suin Lee, Jessy Choi, Sheffield Children Hospital, Sheffield, UK
- 15.42 Universal relapse following treatment reduction in JIA-Associated Uveitis: real-world outcomes - Catriona Barbour-Hastie, Mary Brennan, Conrad Schmoll, Princess Alexandra Eye Pavilion, Edinburgh, UK
- 15.47 Prevalence of ocular and visual abnormalities following symptomatic and asymptomatic congenital CMV infection: a systematic review and meta-analysis - Naomi Tan, Tamar Schreiber, Alice Bellchambers, Sohaib Rufai, Nutifafa Adorkor, Umar Ahmed, Harry Petrushkin, Ameenat Solebo, Great Ormond Street Hospital, London, UK & Moorfields Eye Hospital, London UK
- 15.52 The safety and efficacy of anti-vascular endothelial growth factor biosimilars in Retinopathy of Prematurity - Abdullah Shakeel, Elektra Tsivitanidou, Omar Warda, Princess Alexandra Hospital NHS Trust, Harlow, UK
- 15.57 Moderators' round up
- 16.00 Refreshments and posters at the trade exhibition
- 16.40 Session VI (P)
Anterior Segment
Moderated by Professor Sus Biswas, Manchester Royal Eye Hospital
- 16.42 Corneal emergencies - Miss Ailsa Ritchie, Guy's and St Thomas' NHSFT, London
- 16.54 Steven Johnson Syndrome and Toxic Epidermal Necrolysis - Professor Sus Biswas. Manchester Royal Eye Hospital
- 17.06 Anterior segment dysgenesis - Professor Ken Nischal, UPMC Children's Hospital of Pittsburgh, USA
- 17.18 Congenital lamellar ichthyosis - Miss Anne Cook, Manchester Royal Eye Hospital
- 17.30 Questions
- 17.45 Group photo in the main meeting room
- 17.55 Closing remarks
- 18.00 Reception at Titanic Hotel in West Bay
- 19.30 END of day one and evening free

THURSDAY 01st OCTOBER 2026

- 07.00 BIPOSA RUN – led by Mr Ivan Yip, Alder Hey Children’s Hospital
Meet at the start point – Liverpool sign opposite the Hilton Hotel -
///camps.fend.winter
- 07.30 Strabismus skills course (Venue: second floor mezzanine)
- 08.30 Trainers: Anindita Hom-Choudhury, Anna Maino, Saurabh Jain, John Ferris, Ian Marsh
- 07.30 Retinal Imaging Simulation Lab (Venue: Exhibition Hall)
- 08.30 Trainers: Rutika Dodeja, Susmito Biswas, Michael Beech, Ashwin Reddy, CK Patel
- 08.00 Registration with refreshments at the posters and trade exhibition
- 08.45 Welcome and housekeeping
Mr Jose Gonzalez-Martin, Alder Hey Children’s Hospital
- 08.55 Session I (P) (S)
Artificial Intelligence
Moderated by Dr Anna O’Connor, University of Liverpool
- 08.57 AI and strabismus - Mr Madhav Vempali, Princess Alexandra Hospital, Hertfordshire
09.09 Paediatric OCT imaging, and AI - Dr Mervyn Thomas, University of Leicester
09.21 Ethics and AI – Dr Anna O’Connor, University of Liverpool
09.33 Beyond refraction: the use of AI in paediatric myopia care and control – Dr Janice Lam, National University Hospital, Singapore
09.45 Questions
- 10.00 Session II (P) (S)
Strabismus free paper presentations ([abstracts](#))
Moderated by Dr Jigs Mehta, University of Liverpool and Miss Katherine Smyth, Royal Bolton Hospital
- 10.02 Habitual visual acuity and refractive error in children and young people in the Wandsworth Children’s Eye Study - Megan Jacobson, Alicia Fothergill, Varshie Jeyarajah, Vijay Tailor-Hamblin, Meei Wong, Annegret Dahlmann-Noor, UCL Institute of Ophthalmology & Moorfields Eye Hospital, London, UK
10.09 Effectiveness of inferior plication of the medial rectus muscle in the management of near exotropia - Zhihang Cheng, Ian Marsh, Aintree University Hospital, Liverpool, UK
10.16 A retrospective, observational study of the management of superior oblique myokymia at Moorfields Eye Hospital between 2020-2026 - Elspeth Green, Varshie Jeyarajah, James Acheson, Ailbhe Burke, Aditi Das, Joanne Hancox, Neringa Jurkute,

- Heidi Laviers, Axel Petzold, Maria Theodorou, Ahmed Toosy, Katie Williams, Sui Hsein Wong, Moorfields Eye Hospital, London, UK
- 10.23 Myopia prevalence among 1064 children and young people in the Wandsworth Children's Eye Study - Alicia Fothergill, Megan Jacobson, Varshie Jeyarajah, Vijay Tailor-Hamblin, Meei Wong, Annegret Dahlmann-Noor, UCL Institute of Ophthalmology & Moorfields Eye Hospital, London, UK
- 10.30 Dose-response relationship and treatment efficiency for patching vs gaming therapy for amblyopia - Sjoukje Loudon, Aveen Kadhum, Emily Tan, Maria Fronius, Maurits Joosse, Huib Simonsz, Erasmus MC University Medical Center Rotterdam, the Netherlands
- 10.37 Challenges and adherence in anti-myopia progression therapy: a real-world single-centre study - Alison Greene, Rochanne Wootton, Kathryn McCreery, Children's Health Ireland, and Blackrock Eye Care, Dublin, Ireland
- 10.44 Eye tracking in the clinic – a pilot study - Cathy Williams, Isaac Henderson, Rosie Clark, Penny Warnes, Iain Gilchrist, Bristol Eye Hospital, Bristol, UK
- 10.51 An interpretable machine learning model for predicting outcomes after horizontal strabismus surgery: a clinical decision-support tool - Rohan Misra, Ameer Patel, Saurabh Jain, Royal Free London NHS Trust, London, UK
- 10.58 Moderators' round up
- 11.00 Refreshments and posters at the trade exhibition
- 11.35 Session III (S)
Claud Worth Lecture introduced by Dr Anna O'Connor, University of Liverpool
- 11.40 Rethinking amblyopia: new insights and evolving therapies
Dr Eileen Birch, Retina Foundation of the Southwest, Dallas, Texas
- 12.30 Presentation of Claud Worth medal to Dr Birch by Dr Anna O'Connor
- 12.35 - Lunch at the trade exhibition and posters
- 13.00 - **Poster village taking place during lunchtime – rapid fire presentation of selected posters located under the Titanic Staircase**
Moderator's introduction – Miss Megan Wood
- 13.05 Poster 15: Strabismus is common across MRI phenotypes in cerebral visual impairment, whereas nystagmus may distinguish a more neurologically complex subgroup - Silvija Delfin, Jin Thong Tan, Yair Pesoa, Sara Cornelius, Richard Bowman, Great Ormond Street Hospital for Children, UK
- 13.10 Poster 24: Super Eyes 2: Patching and your life – a co-designed educational video - Laura England, Michelle Murray, Mark Pountney, Jignasa Mehta, Anna O'Connor, Manchester University NHS Foundation Trust, Manchester, UK
- 13.15 Poster 26: Thumb print sign' on widefield retinal imaging - an interesting finding in children with foveal hypoplasia - Kamal Alchaghouri, Amit Chhabra, Lancashire Teaching Hospitals NHS Foundation Trust, UK

- 13.20 Poster 41: Current UK trends and opinions on Infantile Esotropia management - Ishani Barai, Elisabeth De Smit, Alasdair Kennedy, Vijay Tailor-Hamblin - Moorfields Eye Hospital NHS Foundation Trust, London, UK
- 13.25 Poster 42: Trends in Adjustable Squint Surgery: An 11-Year Longitudinal Study in a Tertiary Centre - Ian Brennan, Aryan Rai, Emily McDonnell, Mukta Divekar, Shuang Lan Sun, Edward Loane, Royal Victoria Eye and Ear Hospital, Dublin, Ireland
- 13.30 Poster 44: Transforming Strabismus Services Through Advanced Orthoptist Led Care *withdrawn*
- 13.35 Moderator's round up
- 13.55 Lunch finishes
- 14.00 Session IV (S)
Rapid fire presentations ([abstracts](#))
Moderated by Mr Mike Beech, Arrowe Park Hospital and Miss Haya Razzouk, Warrington Hospital
- 14.02 Surgically induced hyperopic blur as a treatment for intractable diplopia - Wannise Jones, Abdul-Jabbar Ghauri, Birmingham and Midland Eye Centre, Birmingham, UK
- 14.07 Surgical outcomes of nasal Nishida procedure - Isaac Naraine, Zhihang Cheng, Ian Marsh, Aintree University Hospital, Liverpool, UK
- 14.12 Endophthalmitis following extraocular botulinum toxin injection: a national survey of infection prevention practices - Aarti Patel, Komal Hirani, Kelly Mackenzie, Naz Raoof, Moorfields Eye Hospital, London, UK
- 14.17 Patient perspectives on anaesthesia choices for strabismus surgery: a qualitative analysis - Sinmiloluwa Tokede, Raymond Hassanzadeh, John Somner, Cambridge University Hospitals NHS Foundation Trust, Cambridge, UK
- 14.22 Photograph-assisted triage of suspected squint referrals in children under 3 years: improving differentiation of pseudostrabismus from true strabismus - Amber Griffin, Chloe Zheng, Damien Yeo, Alder Hey Children's Hospital, Liverpool, UK
- 14.27 Bilateral lateral rectus recessions with pre-placed scleral sutures in the management of basic-type intermittent exotropia: 8-10 year outcomes - Caroline Kilduff, Neil Clough, Eliza Green, Ailsa Ritchie, Luis Amaya & Alasdair Kennedy, St Thomas' Hospital, London, UK
- 14.32 Moderator's round up
- 14.35 Session V (S) (P)
Cerebral Visual Impairment: Lived experiences. Shared knowledge. A common voice
Moderated by Mr Arvind Chandna, Alder Hey Children's Hospital, UK
Expert Panel: Mr Richard Bowman, Great Ormond Street Hospital, Ms Janet Harwood, qualified teacher of vision impairment and founder of the CVI Society, Professor Rachel Pilling, Bradford Royal Infirmary, Professor Cathy Williams, Bristol Eye Hospital

Recorded conversations with children and adults with CVI bring lived experiences of challenges with visually guided behaviours into focus. An expert panel will reflect on these narratives, offering insight into interpretation of CVI while discussing practical strategies, accommodations, and interventions, with emphasis on their clinical relevance and application.

- 15.35 Refreshments at the trade exhibition and posters
- 16.15 Session VI (P) (S)
Neuro
Moderated by Professor Fiona Rowe, University of Liverpool and Mr Zhihang Cheng, Royal Free Hospital
- 16.20 Driving and vision: clinical cut-offs, uncertainty, and conversations with families – Dr Lauren Hepworth, Senior Lecturer in Orthoptics, University of Liverpool
- 16.15 Questions
- 16.40 Free paper presentations ([abstracts](#))
- 16.42 Trajectory of visual outcomes from amblyopia therapy in the real-world: An analysis of 681 outpatient appointments in a UK hospital - Daniel Osborne, Jeremy Bradshaw, Jemima Pickard, Jay Self, University Hospital Southampton NHS Foundation Trust, Southampton, UK
- 16.49 Evaluating the acceptability and feasibility of the adapted Visual Impairment Screening Assessment (VISA+) tool for children with acquired brain injury - Abigail Bridge, Girvan Burnside, Lauren Hepworth, Claire Howard, Fiona Rowe, University of Liverpool, UK
- 16.56 Why does crowding reduce vision in albinism? - Vijay Tailor-Hamblin, Annegret Dahlmann-Noor, Maria Theodorou, Tessa Dekker, John Greenwood, Moorfields Eye Hospital, London, UK
- 17.03 Important outcomes for children with Cerebral Visual Impairment plus profound & multiple learning disabilities (CVI+): parent & professional insights - Louise Allen, Jignasa Mehta, Rachel Pilling, Fiona Rowe, Kerry Woolfall, University of Liverpool, UK
- 17.10 Neuroprotective genetic variants and risk for cerebral visual impairment (CVI)-related traits: data from a birth cohort study - Cathy Williams, Silvia Pregnotato, Jeremy Guggenheim, David Odd, Eileen Birch, Anna O'Connor, Yi-Zhong Wang, Ilona Kovács, Karen Luyt, Bristol Medical School, Bristol, UK
- 17.17 Moderators' round up
- 17.20 Closing remarks
- 17.25 END of day two
- 19.00 Dinner and disco at The Liverpool Museum (ticketed event)

FRIDAY 02nd OCTOBER 2026

- 08.00 Registration with refreshments at the posters and trade exhibition
- 08.45 Welcome
Mr Ian Marsh, Aintree University Hospital
- 08.50 Session I (S)
Complex Strabismus/New Techniques
Moderated by Ian Marsh, Aintree & Mr Ivan Yip, Alder Hey Children's Hospital
- 08.50 Management of Thyroid related strabismus – Mr Ivan Yip, Alder Hey Children's Hospital
- 09.00 Transposition surgery – Mr Bhamy Shenoy, Manchester Royal Eye Hospital
- 09.10 Management of torsion – Results of Harada-Ito Surgery – Mr Ian Marsh, Aintree University Hospital
- 09.20 Surgical planning for nystagmus – the essentials – Miss Maria Theodorou, Moorfields Eye Hospital
- 09.30 How far can we manipulate the obliques? – Dr Sonal Farzavandi, Singapore National Eye Centre
- 09.40 Questions
- 10.00 Session II (S)
Free paper presentations ([abstracts](#))
Moderated by Miss Anindita Hom Choudhary, Calderdale and Mr Bob Taylor, York
- 10.02 Effect of inferior oblique weakening surgery on horizontal deviation - Andreas Roussos, Karthika Ullattil, Ayman Awadghanem, Arlinda Sulejmani, Laura Roberts, Anugya Agrawal, Vernon Geh, Southend University Hospital, Essex, UK
- 10.09 Bimedial recessions in distance esotropia in myopes: should angle of deviation or fusion range guide surgical decision making? - Davina Jugnarain, Jonathan Marler, Zhihang Cheng, Saurabh Jain, Royal Free Hospital, London, UK
- 10.16 Binocular vision anomalies in Scotland at age 3.5-5.5 years, identified through pre-school screening - Miriam Conway, Lee Pentland, Benjamin Evans, Dave Edgar, Rakhee Shah, Bruce Evans, Ninewells Hospital, Dundee, UK
- 10.23 Visual and safety outcomes of refractive lens exchange with multifocal intraocular lens for the treatment of refractive accommodative esotropia - Orwa Nasser, Wahbi Wahbi, Orasis Eyecare Center, St, Karmi'el, Israel
- 10.30 Same stigma, new shapes: how strabismus stereotyping has evolved in children's animation - Sebastian Yim, Sophie Mounouchos, Sandwell and West Birmingham NHS Trust, Birmingham, UK
- 10.37 Moderators' round up
- 10.40 Refreshments at the trade exhibition and posters

- 11.15 Session III (S) (P)
 Roger Trimble Medal lecture – Professor John Sloper tribute
 Introduction by Mr Ian Marsh, Aintree University Hospital
- 11.20 The world seen by the amblyopic eye – Mr Oliver Ehrt (Germany), President of ESA
- 11.35 Intermittent exotropias: have we moved on or have we progressed? – Miss Naz Raoof, Moorfields Eye Hospital, London
- 11.50 John Sloper: his legacy for orthoptics – Mrs Joy White, Sussex Eye Hospital, Brighton
- 12.05 Presentation of Roger Trimble Medal to Mrs Myra Sloper by Mr Ian Marsh, Aintree University Hospital, Liverpool
- 12.10 Manchester 2027 – Professor Jane Ashworth & Professor Sus Biswas
- 12.15 BIPOSA Awards – Professor Chris Hammond
- 12.25 David Laws Travel Fellowship awardee – Miss Elewys Hearne
- 12.30 AGM (BIPOSA members only) followed by lunch at 12.45 pm
- 12.30 - Lunch starts for non-members at the trade exhibition and posters
- 13.35
- 12.55 **Poster village takes place during lunchtime**
 rapid fire presentation of selected posters located at the Mezzanine - Moderator's introduction by Bernado Lopes
- 13.00 Poster 2: Can Anterior Segment Optical Coherence Tomography (AS-OCT) Detect Inflammation Within the Anterior Chamber? - Emma Butterworth, Jessy Choi, Royal Hallamshire Hospital, Sheffield, UK
- 13.05 Poster 18: Prevalence and neuro-ophthalmic findings in children with brain tumours and Acute lymphoblastic leukaemia in a paediatric tertiary centre - Susan Foster, Alder Hey Children's Hospital, Liverpool, UK
- 13.10 Poster 34: Orthoptic-led paediatric clinics for epiphora and eyelid lesions: improving access and reducing waiting times - Jennifer Earl, Newcastle Eye Centre, UK
- 13.15 Poster 36: 12-year data of Orthoptic led primary vision screening - Sonia MacDiarmid, Jennifer Shave, Milly Bowen, North Cheshire and Mersey NHS Trust
- 13.20 Poster 46: Extraocular Muscle Plication as an Alternative to Resection in Strabismus Surgery: A Comparative Study -Sarah O'Beirne, Suin Lee, Jessy Choi, Sheffield Teaching Hospitals
- 13.25 Poster 48: The use of anterior segment optical coherence tomography (AS-OCT) to determine the insertion of the horizontal extra-ocular muscles - Joshua Simmons, Jessy Choi, Thomas Evans, Martin Rhodes, Royal Hallamshire Hospital, Sheffield, UK
- 13.30 Moderator's round up
- 13.35 Lunch finishes

- 13.40 Session IV (S) (P)
Rapid fire presentations ([abstracts](#))
Moderated by Miss Sunila Jain, Royal Preston Hospital and Mr Craig Murray,
University of Liverpool
- 13.42 Creation of a national strabismus online audit tool for BIPOSA members - Saurabh Jain, Gail Maconachie, Helen Davis, Robert Taylor, John Somner
- 13.47 Three patients with cocaine induced pseudo granulomatosis with polyangiitis presenting with manifest strabismus - Laurence Cox, Shiana Balendra, Maria Theodorou, Moorfields Eye Hospital, London, UK
- 13.52 Incidence and management of strabismus following ocular brachytherapy: a 10-year retrospective review - James RC Miller, Mandeep Sagoo, Maria Theodorou, Moorfields Eye Hospital, London, UK
- 13.57 An orthoptic audit of Cerebral Visual Impairment identification in a special educational needs school using Royal College practice points - Allison Kenwright, Mersey and West Lancashire Teaching Hospitals NHS Trust, St Helens, UK
- 14.02 Neuro-ophthalmic and orthoptic assessment findings using virtual reality technology in 585 children and young people in the Wandsworth Children's Eye Study - Annegret Dahlmann-Noor, Megan Jacobson, Alicia Fothergill, Varshie Jeyarajah, Vijay Tailor-Hamblin, NIHR Moorfields Biomedical Research Centre, London, UK
- 14.07 Visual snow syndrome in children: a single-centre retrospective cohort study of demographics, comorbidities and management - Victoria Barnett, Aarti Patel, Sui Wong, Louise Hartley, Naz Raoof, Moorfields Eye Hospital, London, UK
- 14.12 Moderators' round up
- 14.15 Session V (P) (S)
GOSH/ICO Claud Worth Rising Star Lecture
Genomics in context: From genetic discovery to improving care in paediatric ophthalmology
Mr Panos Sergouniotis, Manchester Royal Eye Hospital
- 14.45 BIPOSA Liverpool Championship
Moderated by Ms Rutika Dodeja, Alder Hey Children's Hospital and Professor Saurabh Jain, London
Judges: Prof Chris Lloyd, Prof Helen Davis, Ms Megan Wood

Six teams will battle it out, each led by one of our team captains: Ryan Davies (Wales) Team Honey, I dilated the kids! • Jane McKinnon (Scotland) Blurry Marginals • Jessy Choi (Sheffield) Team Steel City Visionaries • Lola Solebo (London) Team the London Eye's • Sarah Chamney (Ireland) Team Green Giants • Sally Painter (Birmingham) Team Birmingham Bull's-eye
Across four very different rounds, teams will earn points towards the overall Championship

- 14.50 Video Grand Round (1minute video, 2-minute discussion)
Each team brings one clinical video to the Championship. It could demonstrate an unusual case, an important clinical sign, a surgical technique, a diagnostic challenge or simply a brilliant teaching point
- Birmingham Bulls-eye: 30 muscles in one day – Sally Painter
The London Eye's': Goodnight, little eyes – Lola Solebo
Honey, I dilated the kids!: Y not? – Ryan Davies
Blurry Marginals: Smartphone squint and the 'Could you just' sign? – Jane McKinnon
Green Giants: National Children's Hospital Trailer – Sarah Chamney
Steel City Visionaries: Synoptophore in 60 seconds – 100 years of brilliance – Jessie Choi
- 15.15 Debates (5 mins for, 5 mins against)
Teams will be challenged to argue for or against on the following topics:
Paediatric Ophthalmology and Strabismus was the best career move – arguing for: Maria Theodorou, arguing against: Hugh Jewsbury
Social Media Is essential to success for a career in Ophthalmology – arguing for: Emma Butterworth, arguing against: Alan Connor
Ai will replace Orthoptists sooner than Ophthalmologists – arguing for: Bobby Tang, arguing against: Laura Ramm
- 15.55 Word Scramble
Teams race against each other to unscramble words and phrases, testing both their ophthalmic vocabulary and their ability to think under pressure
Tina Kipioti + Sam Gurney (Birmingham), Tracie Liu + Gemma Arblaster (Sheffield), Leena Patel + Alasdair Kennedy (London), Martha Fareilly-Waters + Eleanor McCance (Wales), Fadi Ghazala + Catriona Barbour-Hastie (Scotland), Bobby Tang + Deirdre Harford (Ireland)
- 16.10 Quiz: The final showdown
Teams face a final series of questions testing their knowledge across paediatric ophthalmology, strabismus, orthoptics, general ophthalmology — and perhaps a few surprises
Alice Di Domenico + Sally Painter (Birmingham), Tracie Liu + Joshua Simmons (Sheffield), Janice Lam + Lola Solebo (London), Dinesh Rathod + Eleanor McCance (Wales), Mohammad Alnsour + Jane McKinnon (Scotland), Arundhati Dev Borman + Deirdre Harford (Ireland)
- 16.30 BIPOSA annual prizegiving and closing remarks – Professor Chris Lloyd, President of BIPOSA
- 16.35 MEETING END
